

LCPRS LIMITED

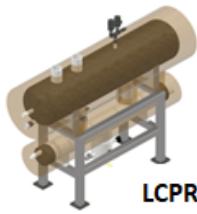

LOW CHARGE PRESSURE RECEIVER SYSTEMS

REFRIGERATION PIPELINE CODES

TERMS

DEFINITIONS

| | |
|------|--|
| BD | Piping Identification for Booster Discharge Line |
| CD | Piping Identification for Condensate Drain Line |
| DC | Piping Identification for Defrost Condensate Line |
| DS | Piping Identification for Dry Suction Line |
| EQ | Piping Identification for Equalizer Line |
| ES | Piping Identification for Economizer Suction Line |
| FR | Piping Identification for Flooded Return Line |
| FS | Piping Identification for Flooded Supply Line |
| HG | Piping Identification for Hot Gas Line |
| HGD | Piping Identification for Hot Gas Defrost Line (also referred to as Hot Gas Discharge) |
| HPL | Piping Identification for High Pressure Liquid Line |
| HSD | Piping Identification for High Stage Discharge Line |
| HSS | Piping Identification for High Stage Suction Line |
| HTL | Piping Identification for High Temperature Liquid Line |
| HTRL | Piping Identification for High Temperature Recirculated Suction Line |
| HTS | Piping Identification for High Temperature Suction Line |
| LIC | Piping Identification for Liquid Injection Cooling Line |
| LSD | Piping Identification for Low Stage Discharge Line |
| LSS | Piping Identification for Low Stage Suction Line |
| LT | Piping Identification for Liquid Transfer Line |
| LTL | Piping Identification for Low Temperature Liquid Line |
| LTRL | Piping Identification for Low Temperature Recirculated Liquid Line |
| LTRS | Piping Identification for Low Temperature Recirculated Suction Line |
| LTS | Piping Identification for Low Temperature Suction Line |
| MRTL | Piping Identification for Medium Temperature Recirculated Liquid Line |
| MRTS | Piping Identification for Medium Temperature Recirculated Suction Line |
| MTL | Piping Identification for Medium Temperature Liquid Line |
| MTS | Piping Identification for Medium Temperature Suction Line |

LOW CHARGE PRESSURE RECEIVER SYSTEMS

LCPRS LIMITED

TERMS

DEFINITIONS

| | |
|-------|--|
| OC | Piping Identification for Oil Charge Line |
| OCWR | Piping Identification for Oil Cooling Water Return Line |
| OCWS | Piping Identification for Oil Cooling Water Supply Line |
| OD | Piping Identification for Oil Drain Line |
| P&IDs | Piping and Instrumentation Diagrams |
| PO | Piping Identification for Pump Out Line |
| PRG | Piping Identification for Purge Line (sometimes referred to as PL) |
| RC | Piping Identification for Receiver Charge Line |
| RV | Piping Identification for Relief Vent Line |
| SCL | Piping Identification for Sub-Cooled Liquid Line |
| TSR | Piping Identification for Thermosyphon Return Line |
| TSS | Piping Identification for Thermosyphon Supply Line |
| WS | Piping Identification for Wet Suction Line |
| | |
| HPR | High Pressure Receiver |
| LPR | Low Pressure Receiver |
